

Uncurated IDGAN validation set generation samples (best validation epoch, GAN objective)		
Configuration	Input sequence	Output sequence
G:1 D:1 A:1.0 R:0.0 Best epoch: 9 ID reduction: -7.5372	this basis must include minimum conditions for access to community waters and ports with regard to the age and characteristics of vessels a general principle of environmental responsibility making it possible to determine the liability of the various operators and particularly that of the charterer and to impose heavy penalties	reason how how how how want want want want want
G:2 D:1 A:1.0 R:0.0 Best epoch: 30 ID reduction: -5.5266	the commission should ensure however if different systems continue to coexist in future too that this does not have any adverse effects on workers exercising their right to mobility within the union	is in in in in <NUM>
G:2 D:1 A:1.0 R:0.0 CrossD Best epoch: 27 ID reduction: -2.8948	the un ceilings are quite ambitious enough for us to reach our internationally agreed targets in reasonable time	also also also therefore therefore also also also also also commissioner
G:2 D:1 A:0.9 R:0.1 CrossD Best epoch: 22 ID reduction: -1.7770	any future government must therefore be judged according to the values and principles it professes to in its manifesto and not according to the prejudgements put about both by political adversaries and the international media	the commission must also be to to the the and the to to to the to the and to to to to to the the <UNK> for both on <UNK> <UNK> and the european european
G:2 D:1 A:0.9 R:0.1 CrossD TrainD Best epoch: 28 ID reduction: 0.3748	we are therefore talking about a formal and fully regulated competence	we are also talking about a final and fully transparent competence
G:2 D:1 A:0.8 R:0.2 Best epoch: 22 ID reduction: -0.2163	let us not look to the short term let us look to the long term because the long term is the challenge not five years but ten fifteen years from now	let us not look to the whole term let us look to the long term because the long term is the challenge not five years but five candidate years from now
G:2 D:1 A:0.8 R:0.2 CrossD Best epoch: 25 ID reduction: -5.0631	whilst i have some philosophical sympathy with senator hollings and his colleagues who consider that stateowned companies have some hidden and sometimes explicit advantages over their privatelyowned competitors the way in which congress in the united states is trying to address this issue is contrary to both the spirit and the letter of us multilateral commitments	i i have some about about with with and and to the the the the the the the the the the the the the the the the the the the in the the the the have to to the this is is to to the the and the the of of the commitments commitments
G:2 D:1 A:0.7 R:0.3 CrossD Best epoch: 28 ID reduction: 0.4128	we need to value this mechanism and use the experience of the people we represent as expressed through their petitions to improve our work as a whole	we need to achieve this and and use the problems of the people we as as expressed with their forces to meet our work as a whole

Table 1: Sampled IDGAN output for the standard GAN objective.
